

## GM56B Single Brush Walk Behind Floor Scrubber

### Benefits

- 58db only, super quiet.
- Separated motor air ducts, cold and hot ducts unmixed, guaranteeing service life of motor.
- 400W hlm driving motor, easy to pass speed bump.
- Four sided MWR squeegee blade with V-shape d squeegee assembly, powerful suction.
- 100AH CHILWEE/TIANNENG maintenance free battery, continue work with 200 minutes.

### Feature

Battery: Durable CHILWEE maintenance-free.

Brush motor: Professional motor supplier.  
Brush system: Malish brush, automatic loading, no tools needed.

Controller: PWM technology, energy feedback brake system.

Water level tube: Easy to observe water level of solution tank.

Vacuum motor: Mute motor, separate air ducts, cold and hot air ducts unmixed.

Squeegee blades: MWR squeegee blade, usable on 4 sides, arcuate shape water absorption.

### Technical Specification

Model No.	GM56B
Voltage/Traction	24V DC
Propelling system	Manual
Brush motor	550W
Vacuum motor	450W
Solution/Recovery tank capacity	50L/50L
Cleaning path	560mm
Squeegee width	860mm
Efficiency	1950 sq.m/h
Net weight	142.5kg
Machine Dimension	L1230×W530×H980mm
Continuous working time	200 hours
