### Surface type

Diamond Plate

### Painted Dock Leveler Color

RAL 9005 Jet black

RAL 5005 Signal blue

## STEEL PLATFORM FOR DOCK LEVELER

### DOORHAN®

If floor space is limited, a free standing frame assembly can support the installation of a dock leveler outside a building. Such frames are ideal for warehouses and distribution centers where the entire building space is used or trailers can't be parked perpendicular to the building.

Warehouse area

### ADVANTAGES

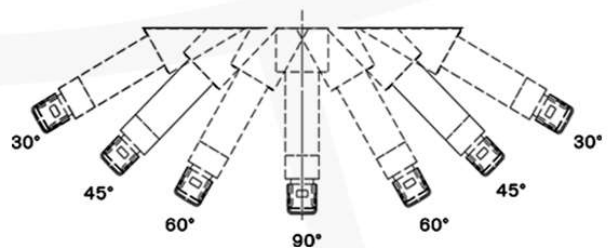

Easy and quick installation at any angle to the building

Saves floor space of the warehouse facility

### STANDARD INSTALLATION

### DIAGRAMS FOR EXTERNAL FRAMES
